Thanks

We're still working out the bugs, but we also plan to offer even more options in the future!

I am glad that I checked back in with Navarre Press.

I really appreciate what you have done with this website.

Usually I just get to read your paper at RX Express,

but with this new set-up I can check it out without leaving home.

I hope to see this grow into something bigger than you may have expected. I WAS stuck with only Pensacola and Ft.Walton news.

Thank You,and best of luck.

Carl H.
