Lost cat on Apr 17 near Sunrise Dr and Valley Rd. in Holley by the Sea. Her name is Natasha, but she won't answer to her name. She's very skittish and might be enticed with tuna or other strong smelling food. She's an indoor cat and she's afraid of everything esp. children.

In case you can't see the picture, she is brownish-gray with black stripes and a white underbelly and white paws. Please call 850 939-4696 if you just see her and I will come out to try and get her.

Thank you so much	!
