Barber Shop

We now have a Barber Shop that gives quality haircuts for men and boys.

I stopped by around 6pm today (Friday) and met the owner, Michael Goolsby and got my haircut from the wonderfully talented Lisa, also a licensed Barber.

The place is cool. Kinda like being in your TV room. There are two huge 52" LCD TV's on one wall and on the barber side a row of extremely comfortable barber chairs. All I needed was a remote control to switch the channels.

I got a great haircut for $15 plus tip.

They have only been open a couple of weeks and deserve a try if you're tired of the usual places.

Navarre Beach Barber Shop is located at:

8255 Navarre Parkway

In the Palm Harbour Plaza

Across the street from Publix - in the same shopping center as NYPD Pizza

850-515-0884

Tell them DAVEnavarre sent you.

I'll be back over there next Friday for another haircut.

Afterwards, I'll be signing autographs - no pictures please.
